

Viva App

Highly efficient liquid retexturing (sizing) agent for upper garments

Viva App is a retexturing (sizing) agent developed for particularly efficient treatment of upper garments. **Viva App** provides the garments with a soft, full voluminous handle and, an excellently smooth surface and revives the colours. In addition, the textiles receive an antistatic quality. By the use of **Viva App**, finishing of the articles is greatly alleviated and often ironing is no more necessary.
