## PROFESSIONAL LAUNDRY

# Washer extractor WN6-28 Compass Pro

### Washer featuring exceptional savings and effortless use

#### Priority on people

Certified ergonomic design with a human-centered approach for an outstanding user experience

Compass Pro® microprocessor offers:

- Easy program selection
- Language selection
- Quick selection and option buttons for the most frequently used wash programs and options
- Wash program packages optimized on Economy, Performance and Time

#### Long-term savings

Extremely low water and energy consumption - see table below

- High extraction force for efficient dewatering
- Super Balance guarantees the correct extraction force

#### Pure control

Monitoring of the status of the equipment and performance from anywhere, allowing to take action to improve the business

Washers connectable to OnE Laundry, the personal assistant for hygiene validation, process management and revenue management

#### **Global Advanced Hygiene**

Global Advanced Hygiene program package\* with proven log 6 reduction\*\* disinfection of textiles through the laundry process, fulfilling the criteria of all local approved standards

#### Main options

- Automatic liquid detergent supply (optional I/O board)
- Connection to booking-/payment- system or coin meter

Images shown are a representation of the product only and variations may occur.

- Programs available in the standard library of all products, excluding products for specific segments where water temperature is not controllable.
- Log 6 reduction equals to 99,9999% viral infectivity reduction. The efficacy of reduction of SARS-CoV-2 and other pathogens in the process is confirmed by RISE (The Research Institute of Sweden) on the basis of Electrolux Professional laboratory data.
