

intense® Refill

The fresher company.

Alternative solvent without halogen

The information provided herein is given on an advisory basis which does not imply any liability on our part. For further details see our relevant safety data sheet.

intense® Refill is an innovative solvent with optimized performance and can be employed in all types of machines recommended for hydrocarbon solvent use.

intense® Refill has an excellent solubilizing power for oil- and water-based stains.

intense® Refill is chemically stable and can be distilled without problem.

intense® Refill has good drying qualities and enables short batch cycles. Its water solubility is extremely low and separation in the water separator functions without problem.

ECOLOGY:

intense® Refill meets all requirements subject to 31. BImSchV and the product is:

- exempt from halogen
- it has a flash point above 64 °C
- it is thermally stable and exempt from substances according to § 3 Abs. 2 or 3 (annex III 3.1.2. d)

STORAGE CONDITIONS AND MAX. STORAGE TIME: See relevant safety data sheet.
